INTRODUCTION

The names, dates, and other information in this book were taken from cemetery tombstone inscriptions. Only in a very few cases were written cemetery records consulted, and it will be noted if the cemetery readings were cross referenced with any other written record.

All cemeteries were read beginning from the southeast corner and numbered south to north.

As in any project of this type, where many names and dates are copied, there is a chance of error. However all inscriptions were read and recorded with great care and to the very best ability of the recorder. They were typed with the same concern for accuracy.

The help of everyone who has been involved with this project has been greatly appreciated by the cemetery committee and the Henry County Genealogical Society. A lot of time and effort on the part of members, their friends, and spouses has made this book possible.

Courthouse records and various county history books were used as reference for information about townships and cemeteries.

The county and township maps were reproduced from maps obtained from the Henry County Board of Commissioners. The cemetery maps were copied for us by the employees in the Recorder's Office at the Henry County Courthouse.

These cemetery maps were done by The Works Project Administration (W.P.A.) and co-sponsored by the American Legion, Department of Ohio - State of Ohio in 1940.

According to the World Book Encyclopedia "The Works Progress Administration was founded in 1935 to provide work for needy persons on public-work projects."

Bartlow Township

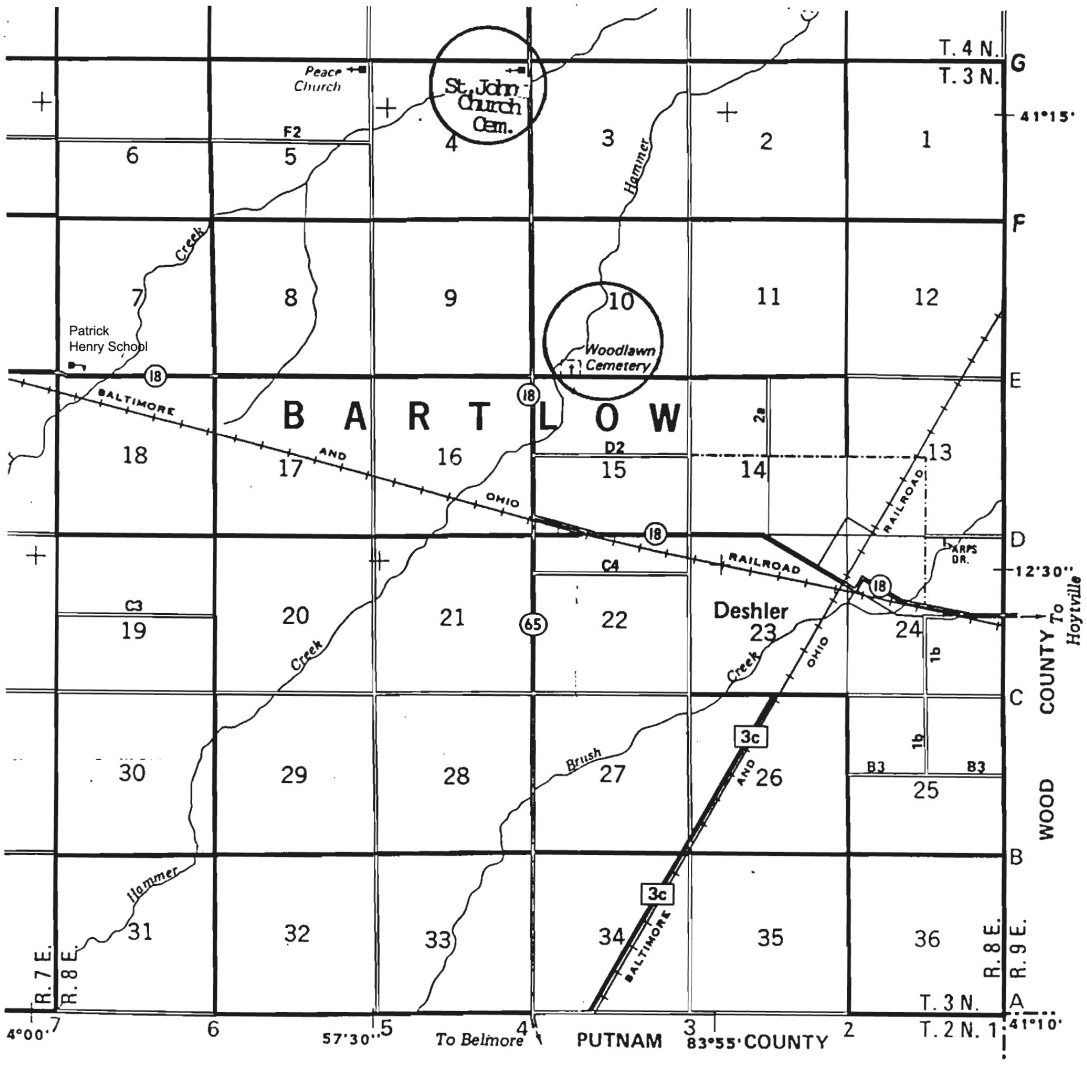
Bartlow Township is located at the far southeast corner of Henry County where Henry, Wood, Putnam, and Hancock Counties join. It was organized in 1854 and named in honor of Cornelius Bartlow, who had settled there in 1851. It had earlier been a part of Richfield and Damascus Townships.

This towship was slow to develop because of it being a part of the “Black Swamp” and so being low, flat, and wet. Thw swamplands became the fertile farmlands of today after a reservoir was constructed and creeks were cleaned out, widened, and deepened.

The only town in Bartlow Township is Deshler, which was originally named Alma.

Cemeteries located in Bartlow Township are Woodlawn and St. John Lutheran.



St. John Lutheran Church Cemetery

Township: Bartlow

Location: State Route 65 and County Road G

Description: Cross-referenced with church records. In this cemetery, the children were buried in the row directly in front of the adult rows. In checking the church records it was found that a family would acquire a plot from the church and family members are buried in the same plot. If all the plot was not used, it would sometimes be turned back to the church or to another church member. Stones are read exactly as they appear. Information in parentheses ( ) was taken from the church records.

Recorded: Aug 1987

Final Reading: Sep 1989

Re-surveyed: Summer 2013

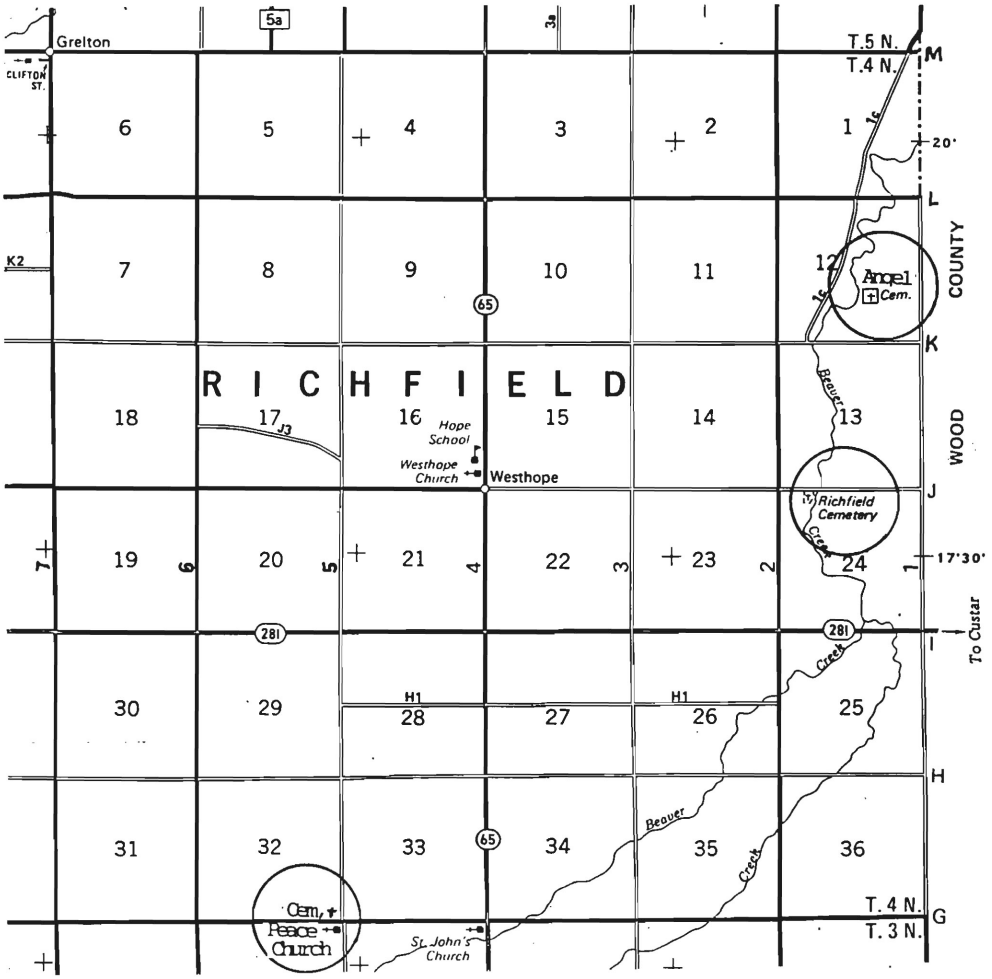
Richfield Township

Richfield Township, as others, has very few written records of its beginning. Its organization goes back to 1837. The population of this township was 857 in 1880. By 1885k there was one church and eight school districts.

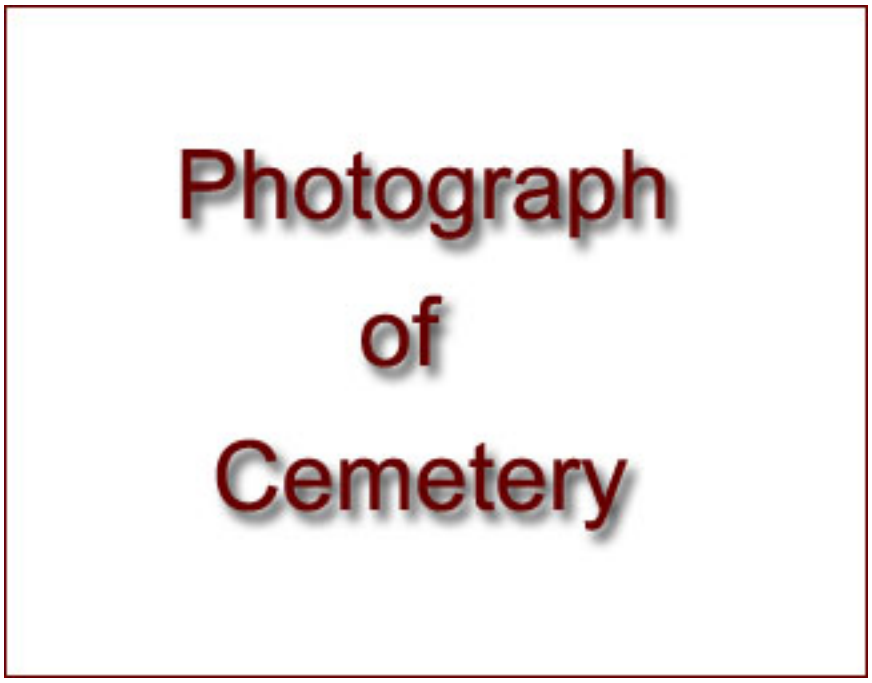
Richfield Township lies directly above Bartlow Township, with Monroe Township to its west and Damascus Township to the north. Wood County borders on the east.

The towns of Westhope (originally Richfield Center) and Grelton are located in Richfield Township.

The cemeteries in Richfield Township are Angel, Richfield (formerly Laremore), and Peace Lutheran. Peace Lutheran church, just across the road from the cemetery, lies in Bartlow Township.



Angel Cemetery



Township: Richfield

Location: Henry - Wood County Line Road

Description: Angel Cemetery is on the west side of the Henry-Wood County Line Road in Section 12 of Richfield Township between county roads K and L on a sand ridge. Follow the east side of Beaver Creek north to a stand of pine trees on a sand hill about one half mile. Readable tombstones show that it was used from the 1830s to 1871. It was named for a local family of the time. Eleven stones could not be read in the mid-1970s. They were white slabs that looked bare. The 4H boys of Richfield Township clean away the brambles every three years or so, otherwise it is not maintained. In 1987 there seemed to be fewer stones, so there may have been some vandalism.

Recorded: Jun 1970

Final Reading: Oct 1986
